

Plasticine art by Henry Hudson on show at Sotheby's

24 April 2015 Last updated at 21:10 BST

When you hear the word Plasticine, you probably think of playtime, not contemporary art.

But Henry Hudson has impressed the art establishment with his unique use of Plasticine, and now Sotheby's is exhibiting his new work.

One critic has said his work looks "more like oil paintings than oil paintings themselves."

Wendy Hurrell reports.
